

## Technical Tour of Suncor's Reclaimed Tailings Ponds

**Saturday, September 17, 2011**

**Depart** from Chateau Lake Louise at 6:30 am

**Return** to Chateau Lake Louise at 8:30 pm

Minimum: 30

Maximum: 65

**Field Tour Cost:** \$350 per person (includes breakfast, lunch and light dinner)

**Equipment Required:** All attendees must bring and wear steel-toed boots

### Description of Field Tour:

Suncor has generously agreed to partially sponsor a tour of reclaimed areas at their oil sands mine north of Fort McMurray. You will be invited to walk onto Suncor's first tailings pond, now fully reclaimed. This former fluid tailings containment is now fully trafficable.

Reclamation specialists, from Suncor, will be on hand to provide a technical tour of their reclamation areas including tailings ponds in various stages of closure.

Learn about Suncor's Tailings Reduction Operations (TRO) which is expected to significantly improve the speed of tailings reclamation. Suncor strongly believes that this approach to managing tailings will help them meet new provincial requirements as well as the expectations of stakeholders.

Join the tour to learn more about this exciting approach to managing tailings.
